TWEETMINT™
ENZYME CLEANER

SUPER CHARGED CONCENTRATE ALL-IN-ONE TREATMENT
NONTOXIC HYPOALLERGENIC pH BALANCED BIODEGRADABLE

TWEETMINT™
ENZYME CLEANER

TweetMint is so versatile, it is easier to ask "what won't it clean?" than list all the uses you will find. Tackle every tough task with an all-in-one TweetMint. Experience the awesome power of active enzyme. The scent of refreshing mint rejuvenates the senses. The results will astonish you! Replace your clutter of caustic cleaners with one simple, safe solution. Clean the whole house: from glass, stainless steel, and tile down to softest fabrics, carpet, even wood. Powers through grime, stains and odors, yet does not harm people, pets or our shared environment.

Directions:

Add a smidge of TweetMint concentrate to water to mix marvelous all-purpose household cleaner. Use a light mix (1 part concentrate : 256 part H₂O) for glass or tile, or a stronger mix (1:32) for pests like mildew, or give it the full TweetMint and pour concentrate directly onto difficult stains or spots.

Ingredients:

Purified water, anionic/nonionic surfactant blend, glycerin, enzymes, **peppermint** oil, sodium borate

Ingredients are Generally Regarded As Safe (GRAS)

No artificial fragrances, colorants or preservatives.
No animal by-products or laboratory testing used.
No petroleum distillates, mineral oils or silicones.

Precautions:

Avoid contact with the eyes to prevent irritation; immediately flush with water if contact occurs. In case of accidental ingestion, contact a physician. Do not allow children to handle cleaner unattended.

Patented in United States, Canada, Australia
